Profile

Economist and business analyst specializing in macroeconomic analysis, energy markets, global trade and geopolitical risk. Experienced in financial and economic modeling, forecasting, index design and executive reporting at Egypt's Ministry of Planning and Economic Development, with published research on European energy security and GCC green jobs. Turns complex data into clear briefings and dashboards for senior decision makers, and works fluently in Arabic and English.

Education

Liverpool John Moores University — Liverpool, United Kingdom
M.A. in International Relations — Jun 2028 (Expected)

London South Bank University — London, United Kingdom
B.Sc. in Economics, Second Class Honours (2:1) | GPA: 3.7/4.0 — Sep 2020 – Jun 2024

Professional Experience

Ministry of Planning and Economic Development — New Administrative Capital, Egypt
Economic Researcher | Minister's Office, Macroeconomic Analysis Unit — Dec 2024 – Jun 2026

- Built financial and economic models in Excel, R and Stata, including forecasts, projections and scenario and sensitivity analysis, to support macroeconomic monitoring and policy decisions.
- Assessed the cost, feasibility and return on investment of public investment projects, and analyzed public investment and FDI data to support planning and funding decisions.
- Initiated and developed a monthly Consumer Credit Index from Financial Regulatory Authority data, an analytical framework adopted by the Ministry to monitor consumer lending trends.
- Produced daily economic intelligence briefings, weekly analytical reports and executive presentations for the Minister's Office, including for engagements with the World Bank, UNDP and other international organizations.
- Built Power BI dashboards and analyzed macroeconomic datasets from CAPMAS, the Central Bank of Egypt, the World Bank and the OECD in R and Stata for policy reports and country benchmarking.

Central Bank of Egypt — Cairo, Egypt
Regulations Intern | Regulations Sector — Aug 2023 – Sep 2023

- Conducted regulatory analysis of the Central Bank of Egypt Law (2020) and digital payment frameworks during the InstaPay launch, and led the interns' final presentation.

The Egyptian Exchange (EGX) — Cairo, Egypt
Intern — Jun 2022

- Analyzed capital market activity and financial instruments, and presented market insights and financial recommendations to senior executives.

Arabreneur Business Consulting — New Cairo, Egypt
Business Analyst — Sep 2019 – Sep 2020

- Prepared feasibility studies for client projects, including Mongini's expansion into Egypt, covering cost and pricing analysis, location feasibility, market sizing and competitor mapping.
- Collected and analyzed primary data from interviews and surveys, and presented commercial risks and recommendations to clients.
